Get Up (feat. Lecrae)

Blanca

Get up, get up, let me put you on
This thingâ€™s about to blow
Can't stop, won't stop
Lettinâ€™ everybody know
That it gets hard, yeah, I know that
But nothing's impossible
You canâ€™t slow down, donâ€™t sit back
Just stand up, youâ€™re unstoppable

Why you wasting your life away
So many things you can try today
Nobody holding you back, He's already given the right of way
Got the dreams in your head but you scared, will I crash, will I fall, will I fail
Voices in my head, nah, I don't want to hear that
Tell the devil get back, I will never fear that

The whole world's waiting on you
Take your chance, it's time to make a move
Time to make a move

GET UP
Work, work
Get up

Get up, get up!
Let me put you on, before the light come and the night get gone
This ainâ€™t no cinematic
Ainâ€™t no movie really happeninâ€™
Ainâ€™t nobody yellinâ€™, â€œAction!â€•
No cameras and no actinâ€™
Itâ€™s real life truth we packinâ€™
Our God is great â€“ no magic
Father made plans and the Son came did that
Born of a virgin and died under Pilate
Pilot, He donâ€™t need one but He still fly
Rose and did a reverse sky dive
No lie, no lie, boy, He cominâ€™ back
I hope you on His team before the sky crack
Iâ€™m headed to the party where the lights at

Holla at me, I can be your sky capt.

The whole world's waiting on you
Take your chance it's time to make a move
Time to make a move

GET UP
Work
We ainâ€™t playinâ€™, we ainâ€™t playin, no
Work
Get up

We got one shot so we doinâ€™ it
Then it's lights out
Ain't playinâ€™ games, still unashamed
Not backing down
So get with the program, you already know
The only one holding you back is you
So get up and go

The whole world's waiting on you
Take your chance it's time to make a move
Time to make a move
