Demon Blues

Orange Goblin

Too many years left to rot in the hive
When all shadows fall watch the night come aliveI am the voices in the medicine
I am the starless, soulless sky
And if I ever climb the mountain baby
I'll reclaim the endless nightI'm a vampire with a loaded shotgun
My veins are full of speed
And the blood that I crave takes me back to the grave
Gives me everything I needA fire burns at the heart of the darkness
The smell of ashes when the sun goes down
A hidden path to a temple of nightmares
It wears a crown made of leather and bone
A spiral God at the heart of the darkness
It comes alive when there's nothing to lose
A wicked flame sparks the dreams of a madman
I come alive with the Demon Blues
I am the voices in your head
I am the ticking in your brain
I'm all the twisted dreams you have
Endless misery and painI'm the high priest of the wicked baby
I'm a master of disguise
And when you try to scream, you'll know it's me
Because I have your father's eyesA fire burns at the heart of the darkness
The smell of ashes when the sun goes down
A hidden path to a temple of nightmares
It wears a crown made of leather and bone
A spiral God at the heart of the darkness
It comes alive when there's nothing to lose
A wicked flame sparks the dreams of a madman
I come alive with the Demon BluesI come alive, I come alive...
A fire burns at the heart of the darkness
The smell of ashes when the sun goes down
A hidden path to a temple of nightmares
It wears a crown made of leather and bone
A spiral God at the heart of the darkness
It comes alive when there's nothing to lose
A wicked flame sparks the dreams of a madman
I come alive with the Demon Blues
