

Southern Comfort

Frank Wess

Take me home

Well, I came to Cali on a highway from Nashville

It's all a gamble for the fortune and fame

My education came from reading the road signs

Just another fool who got lost in the game

And I'm going back again

'Cause it's blowing in the wind

That's carryin' me home

Oh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me home

Yeah

And all these actors, man, they're living in castles

And with the earthquakes they'll sink in the sea

Who makes a living off of heartbreaks and hassles?

And scientologists make no sense to me

So I'm going back again

'Cause it's blowing like the wind

That's carryin' me home

Oh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me home

Oh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me home

Oh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me home

Oh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me home

Oh, southern comfort

Don't leave me low

Oh, southern comfort

Keeps calling me home
C'mon take me home
