

# Just Thirteen

## Die Toten Hosen

Ooh 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13  
She used to be a shy girl  
Now she is a wild girl  
She used to play around in the park  
Now she waits until it's dark  
Just thirteen  
It's thirteen  
She used to go around with Jane  
Now she won't see her again  
She used to like her friends at school  
Now she don't consider 'em cool  
Just thirteen  
It's thirteen  
And on her own she is afraid  
She thinks of all the enemies she's made  
Yes on her own she is afraid  
She wonders if she'll ever make the grade  
Just thirteen  
It's thirteen  
She used to be a shy girl  
Just thirteen  
It's thirteen
