# Quite a Feeling

## Sahara Hotnights

Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess, quite a messSomeone convinced me of jealousy
It's the best compliment I'll ever get
So I shouldn't be the sad girl, shouldn't but I said I was
And who's going to tell, who's going to tell this time?It's a blizzard outside
Don't you dare stay insideQuite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess, quite a messAnd what of the light boxing in the back
Why do I fear the poison I spread out
There's no need to swing back coasters, the bottle display
And who's going to fail, who's going to fail this time?It's a blizzard outside
Don't you dare stay insideQuite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess, quite a messIt's a blizzard outside
Don't you dare stay inside
It's a blizzard outside
Don't you dare stay insideQuite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess
