

Quite a Feeling

Sahara Hotnights

Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess, quite a mess Someone convinced me of jealousy
It's the best compliment I'll ever get
So I shouldn't be the sad girl, shouldn't but I said I was
And who's going to tell, who's going to tell this time? It's a blizzard outside
Don't you dare stay inside Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess, quite a mess And what of the light boxing in the back
Why do I fear the poison I spread out
There's no need to swing back coasters, the bottle display
And who's going to fail, who's going to fail this time? It's a blizzard outside
Don't you dare stay inside Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess, quite a mess It's a blizzard outside
Don't you dare stay inside
It's a blizzard outside
Don't you dare stay inside Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess
Quite a feeling, quite a relief, quite a mess
