

# We Interrupt This Programme

## Coburn

Broadway

So lose yourself for a little bit  
So you can feel your heartbeat pump pump pump for a little bit  
Watch check out how we do this shit  
Remove your clip  
Make way for the new music  
And these new smooth lyrics  
And that's without the cool accent  
Remove your clip  
Make way for the new music  
Check out how we do this shit

Broadway

So lose yourself for a little bit  
So you can feel your heartbeat pump pump pump for a little bit  
Watch check out how we do this shit  
Remove your clip  
Make way for the new music  
And these new smooth lyrics  
And that's without the cool accent  
Remove your clip  
Make way for the new music  
Check out how we do this shit

For the fact that we're bringing in  
And the stars' straight arc  
Who sworn in an alien  
Watch how they get 'em in  
Packed in and innocent  
Ain't no giving in  
I'm just Ritalin  
Give yourself a tongue-fool  
Young like a kid again  
Feel the adrenaline  
That's what they're giving 'em  
Ain't no giving in  
We're going platinum  
How we gettin' on Broadway

For the fact that we're giving 'em

Broadway

So lose yourself for a little bit  
So you can feel your heartbeat pump pump pump for a little bit

Watch check out how we do this shit

Remove your clip

Make way for the new music

And these new smooth lyrics

And that's without the cool accent

Remove your clip

Make way for the new music

Check out how we do this shit

For the fact that we're bringing in

(For the fact that we're bringing in)

For the fact that we're giving 'em

(Gettin' on Broadway)

For the fact that we're giving 'em

For the fact that we're giving 'em

So we gettin' on Broadway, for the fact that we're giving 'em
