Positivity

Capdown

You think out loud
Try to convince me that my dreams lie high out of reach
In the sky, in the clouds
I have to say, I think you're wrong
Why should I try to find a way to make me think and feel the same?
It's all about limiting your future
How comes this way?
What the fuck are we tryin' to say?
I plan to enjoy and achieve within my lifetime
And no amount of negativity will be enough to change meThis time I stand and I'm not alone
This is my future
This is my priority
It may take a long time
But I'll be risin' up
Don't mean I think I tuff
But it means I move on
Positively, positivity
Don't look but see
Be aware cos shit ain't the way it has to be
