

The Right Decision (Moody Reconstruction Mix)

Jesus Jones

Compromise and confusion tears away...
Well they say ignorance is bliss
Unless something is amiss
How 'bout that?
And the problem with success
Is you become what you detest
How 'bout that?
How 'bout that?
So who do you believe
And who do you trust
Well it may as well be you
Cause it seems
That no one else has got a clue
Get it wrong get it right
You can try as hard as you like
But there's no such thing
In the world as the right decision
It's okay to get a smile
Just as long as it's not dumb
How 'bout that?
And two wrongs don't make a right
But there's a conflict they just might
How 'bout that?
How 'bout that?
Suspend your trust
Reserve our belief
And did all I could do
In the hope that I might pick up any clue
Get it wrong get it right
You can try it as hard as you might
But there's no such thing
In the world as the right decision
It's our soul that we protect
Because we may just break our neck
How 'bout that?
And for every question why
There's an answer on the sly
If you will look in the eye...
Get it wrong get it right

You can try as hard as you like
But there's no such thing
In the world as the right decision
Get it wrong get it right
You can try as hard as you like
But there's no such thing
In the world as the right decision
