

# Depraved Indifference

## Earth Crisis

Pointless, needless  
Beyond human comprehension  
Existence devoted  
To nightmarish sadism  
How has science been advanced  
When vivisection destroys lives?  
By their indifference,  
By their acceptance  
Humanity's been lowered in my eyes  
The lack of outrage speaks volumes  
In the absence of empathy  
When an animal identical to their own  
Is tortured without mercy. Only a bloodthirsty  
Psychopath would do this  
As their choice  
After the sight of tears  
After hearing the pain in their voice  
Wailing in terror  
For the hideous acts of abuse to end  
Before minds shatter they contort  
They twist and bend. The lack of outrage speaks volumes  
In the absence of empathy  
When an animal identical to their own  
Is tortured without mercy.  
Ailing volunteers would advance  
The process overnight  
Cures perfected in time to save them  
Never see the light  
Depraved indifference to the creatures' lives  
While humans lives are lost  
For industry, for legality  
All suffer the cost  
The horror that won't subside  
Like a tumor that grows and multiplies  
Can't erase the actuality  
That plagues my thoughts incessantly. The lack of outrage speaks volumes  
In the absence of empathy  
When an animal identical to their own  
Is tortured without mercy.
