

# Slide

## Superheist

You fueled my innocence  
Then common sense took precedence  
Falling free from you in a cavity you grew I did not see where I was bleeding  
Anemic has no grace, can't you see  
I'm sliding? See, I'm sliding I've got a fix on you, never come to bloom  
I cut free myself, I am a jealous fiend Will I ever walk on water?  
How long till the past is gone?  
Will I ever walk in your shoes?  
Tell me, it's refused You changed uncompromised  
Then sanitized your image right  
Choking on your taste  
The signs you gave me I've got a fix on you, never come to bloom  
I cut free myself, I am a jealous fiend Will I ever walk on water?  
How long till the past is gone?  
Will I ever walk in your shoes?  
Tell me, it's the truth Will I ever walk on water?  
How long till the past is gone?  
Will I ever walk in your shoes?  
Tell me, it's refused How long till the past is gone?  
(It's refused)  
How long till the past is gone? How long till the past is gone?  
(It's refused)  
How long till the past is gone?
