

# Star 69

## R.e.m.

You don't have to take the bar exam to see  
What you've done is ignoramus 103  
What've I got to hang my hat on you don't have a pot to pee in  
All this just to be your friend I was there until the end  
Extortion and arson, petty larceny  
I know you called, I know you called, I know you called  
I know you called, I know you called, I know you hung up my line  
Star 69

I know all about the warehouse fire  
I know squirrels didn't chew the wires  
3 people have my number the other 2 were with me  
I don't like to tell-tell but I'm not your patsy  
This time you have gone too far with me  
I know you called, I know you called, I know you called  
I know you called, I know you called, I know you hung up my line  
Star 69

Why'd you put your quarter down on me?  
This reads like some dork inside edition hard copy  
I can't be your character witness I can't be your alibi  
Doorbell rings it's the FBI, we learned spy vs spy  
You my friend, are guilty as can be  
I know you called, I know you called, I know you called  
I know you called, I know you called, I know you hung up my line  
I know you called, I know you called, I know you called  
I know you called, I know you called, I can't be your alibi
