

# Nobody

## Five For Fighting

Take off your shoes, take off yourself  
Take off your rented mental health  
Take off your raincoat settle down  
Take off your nightmare and your frown  
There is a place for you  
To go to see another ringer in a rock show  
Take my pretense for a time 'cause I want to say to you  
I'm nobody, I'm nobody, I'm nobody, I'm nobody  
Without you, buddy you buddy my long lost friend  
If you're not here to hear me scream  
Am I silent like a dream  
Where all the dragons are my friends  
Each night we meet our bitter ends  
Do I need you to make me real  
Like wheeler spinning his own wheel  
Quantum strings within my brain  
Popping sanities insane  
I'm nobody and I'm nobody see I'm nobody, I'm nobody  
Without you, buddy you buddy my long lost friend  
Not everybody has a brain not everybody's going sane  
Not everybody wishes well not everybody's heaven's hell  
Sometimes there's someone to blame  
Sometimes a place for shame  
Sometimes good's better than bad  
Sometimes good's better than bad  
Sometimes good's better than bad  
Sometimes you're better than me well  
Heaven fell on herself tonight as the devil met me in the wishing well  
And in that moment I found myself knowing  
That in the end it's just about you and me  
Nothing smaller or larger though dragons are good for the soul  
Nothing can be better than baring yourself for another  
Open for scrutiny, ridicule, and indulgence  
There in lies the balls, and the mind, and the heart  
As fear is truly the mind killer when nothing is left  
Everything is gained you see I wish I was a poet  
But I know as we go round and round  
Though endings are never ever happy  
It's the happy moments along the way

That in the end make it okay  
You see I'm nobody, I'm nobody, I'm nobody, I'm nobody  
Yeah, I'm nobody, I'm nobody without you  
Without you, oh oh oh oh
