

Lowkey Poppin

Kid Ink

We don't give a fuck about the time, stuck inside the fire
Up all night, feelin' like a vampire
I see ya (I see ya) over there with ya crew
Shawty, get it I can get it like we do, got it lowkey poppin over here
Gotta lowkey poppin over here
Gotta lowkey poppin over here
Is lowkey poppin over here Now if you meet me in the club, guarantee to see a bottle pop
You'll be outta lowkey poppin like a bottom lock
And I don't know the time but I know we on a model watch
Cause early in the morning, tell em toast, Mazel Tov
Said I'm bout to put it down, emo
Soon as I walk in they jump on me like we know
Every year important people got their hands up like a ice
And baby let me get you right, I hope your not afraid of heights
All night, damn right I gotta full prescription
I'll be stuck inside a box, gotta full subscriptions
Takin shot after shot, like a full blown semi
Do it big and every minute y'all make em tell em We don't give a fuck about the time, stuck inside the fire
Up all night, feelin' like a vampire
I see ya (I see ya) over there with ya crew
Shawty, get it I can get it like we do, got it lowkey poppin over here
Gotta lowkey poppin over here
Gotta lowkey poppin over here
Is lowkey poppin over here Headed back to the ceiling, got everybody excited
Goin' goin crazy, club look like an asylum
I think I'm Criss Angel, I feel like I can levitate
While everybody stares, I think that I might take the elevator
I see you at the top, you can spot me like a freckle
Back in full of presidential, rozay redder than a vessel
Got me twisted like a pretzel, you ain't nowhere on my level ho
Breezy like a polar bear, Cooler than a eskimo
Bitches on my back, whole world on my shoulders
You can tell the bartender make my drink a little stronger
Smokey as a locomotive on the trains to the sky
Know we been here for a while, might have lost track of my mind but tell em We don't give a fuck about the
time, stuck inside the vibe
Up all night, feelin' like a vampire
I see ya (I see ya) over there with ya crew
Shawty, get it I can get it like we do, got it lowkey poppin over here

Gotta lowkey poppin over here
Gotta lowkey poppin over here
Is lowkey poppin over here We don't give a fuck about the time, stuck inside the fire
Up all night, feelin' like a vampire
I see ya (I see ya) over there with ya crew
Shawty, get it I can get it like we do, got it lowkey poppin over here
Gotta lowkey poppin over here
Gotta lowkey poppin over here
Is lowkey poppin over here
