

# Coral Blue

## Converge

Swam out to sea  
To try and be me  
To drown those that  
Thought they could never sink  
When in the deep  
Weakness is easy to read Coral blue grows in you  
Coral blue tells the truth Swam out to see  
What karma would bring  
It's jaws crashed down  
On drowning bodies around me  
When in the deep  
Weakness is easy to read Coral blue grows in you  
Coral blue tells the truth
