Colonized Mind

Prince

Wanna talk about it
Colonized Mind

Upload, the evolution principle
You see a rock on the shore and say
"It's always been there"

Download, no responsibility
Do what you want, nobody cares

Upload, the master race idea
Genetically disposed to rule the world

Download, future full of isolated
Full of isolated, boys and girls

Upload, the to party system
The lesser of to dangers,
Illusion of choice

Download, their form of fascism
Nothing really ever changes
You never had a voice

Listen to me one time

If you look, you're sure gonna find
Throughout mankind's history
A Colonized Mind

The one in power makes law
Under which the colonized fall
Without God, it's just the blind leading the blind

Upload, a joint venture record deal
It's just another way another man can still sleep
While he's sticking you with the bill

Download, a temporary acquisition
Of fleeting fame and fortune

Nothing to leave in your will
Hey hey hey hey

Guitar

Upload, a child with no father
Download, no respect for authority
Upload, a child with no mother
Download, a hard time showing love

If you look, you're sure gonna find
Throughout mankind's history
A Colonized Mind
The one in power makes law
Under which the colonized fall
Without God, it's just the blind leading the blind
