

# Work

## Kane Brown

[Verse]

They say don't go to bed angry, they say always kiss goodnight  
Maybe there's something to it, I don't know but what if they're right

If we're gonna be forever, if it's gonna be just us  
If we're gonna ride together, turn two to one

Chorus:  
Gotta make it work, I'm not saying it's easy  
Sometimes you get hurt, I promise I ain't leavin'  
There's gonna be a couple fights, just to see who's wrong or right.  
If it's love, we both know what it's gonna take  
Work, yeah we can make it work

[Verse]

I've seen the things that happen once I self destruct  
I've seen the beautiful madness when things erupt  
Chorus:  
Gotta make it work, I'm not saying it's easy  
Sometimes you get hurt, I promise I ain't leavin'  
There's gonna be a couple fights, just to see who's wrong or right.  
If it's love, we both know what it's gonna take  
Work, yeah we can make it work

[Bridge]

Can't always be there for you, can't always be by your side  
But I promise that I'm gon' love you until the day I die.  
[Chorus]
