

# Fall

## Wild Strawberries

I'm not the kind you marry  
I'm not that kind at all  
I'm not the one you think you want  
But I will be the one there when you fall I'm not your Bloody Mary  
I'm not that type at all  
I'm just the writing on the wall  
But I will be the one there when you fall Did I tell you I would come around?  
Did I say that I would ever be the one to hold you? But I will be the one there when you fall
