

# One in a Million

[Paul Carrack](#)

Let me tell you now She's one in a million, everybody knows  
She's mine alone and the feeling grows  
She's got a heart of gold, anyone can see  
She's the love of my life, it was meant to be Now I'm a survivor, people that's a fact  
I've been all over the world and I'm still intact  
I make enough money to pay my bills  
But all that really matters is she loves me still  
She's one in a million, everybody knows  
She's mine alone and the feeling grows  
She's got a heart of gold, anyone can see  
She's the love of my life, it was meant to be Oh yeah she's my little angel  
Oh yeah she's my little angel She's one in a million, everybody knows  
She's mine alone and the feeling grows  
She's got a heart of gold, anyone can see  
She's the love of my life, it was meant to be I don't make it easy for her to see  
But she still keeps on looking for the goodness in me  
I might drive her crazy, but we laugh and cry  
And we're there for each other till the day we die  
She's one in a million, everybody knows  
She's mine alone and the feeling grows  
She's got a heart of gold, anyone can see  
She's the love of my life, it was meant to be Oh yeah she's my little angel  
Oh yeah she's my little angel
