

# Love Be Still

## Trick Pony

Lyin' here tonight with you here by my side  
God I wish that this could last forever  
But the plain and honest truth  
Is I can't get enough of you  
And I am not complete 'til we're together Stay right here  
Just relax  
Let's get lost  
Just lay back  
And let it all slip away Slowly watch  
The night roll into day  
Let two hearts in love go  
Where they will  
Time may fly but love be still These are busy times, things are movin' fast  
So hold me now and kiss me soft and tender  
Well, I could not ask for more  
Just lock the world outside our door  
As our bodies become one and we surrender Stay right here  
Just relax  
Let's get lost  
Just lay back  
And let it all slip away Slowly watch  
The night roll into day  
Let two hearts in love go  
Where they will  
Time may fly but love be still The clock up on the wall keeps tickin'  
And it always will  
But here with you we have the power  
To let our love be still Stay right here  
Just relax  
Let's get lost  
Just lay back  
And let it all slip away Slowly watch  
The night roll into day  
Let two hearts in love go  
Where they will  
Time may fly but love be still
