

Somewhere

Richard & Adam

There's a place for us
Somewhere
A place for us
Time together
With time to spare
Time to learn time to careSomeday
somewhere
We'll find a new way of living
We'll find a way of forgivingSomewhere
There's a place for use
Somewhere a place for us
Hold my hand
and we're half way there
Hold my hand
and I'll take you thereSomehow...
Someway...
Someday...
