

Fiddler a Dram (Moog Experiment)

The Byrds

I got goin', Jenny come along
Here come John, big boots on
I got goin', Jenny come along
Here comes Johnny with his big boots on I got goin', Jenny come along
Pretty little girl with a red dress on
She put it on, I put it on
Here comes Johnny with his big boots on Come on people, give the fiddler a dram
Come on people, give the fiddler a dram
Come on people, give the fiddler a dram
Come on and give the fiddler a dram I got a dog sitting on a fence
And I haven't seen the damn thing since
Worked all day with a bottle in my hand
Come on and give the fiddler a dram Come on people, give the fiddler a dram
Come on, give the fiddler a dram
Come on people, give the fiddler a dram
Come on and give the fiddler a dram I got goin', Jenny come along
Twenty long years since I've been gone
I got goin', Jenny come along
Here come Johnny with his big boots on Fiddler a dram, fiddler a dram
Come on, give the fiddler a dram
Fiddler a dram, fiddler a dram
Come on, give the fiddler a dram
