

# Remember (feat. Nat Joyce & Erin Renee)

## Moog

When I'm gone.  
Please remember....  
When I'm gone.  
Please remember....  
When I'm gone.  
Please remember....  
When I'm gone.  
Please remember....  
When I'm gone.

Please remember....(The singing gets nearly inaudible. I assume it's the same as the next verse, so it's up to  
moogy to correct or confirm this)I know the way I've been so far.

I hope that we always remember.

I know the night will soon be fade.

The sun will rise and then surrender.(END NEARLY INAUDIBLE PART)
