Never Let You Go

[New Kids On the Block](#)

Close your eyes, realize
It's you and I
Take my hand
Understand, that I'm your manIf loving you is right I can't go wrong
Girl, we've known each other for so long
Chemistry between us has grown strong
You are the one and only meaning to this songGod's gift to man is what you are
You make me feel there's no such thing as too far
Forever's just enough time to show you girl
That I'm not acting like I know, I'll never let you goClose your eyes, realize
It's you and I
Take my hand
Understand, that I'm your manI will never let you think that I am someone that I'm not
You're down for me, I'm holding on to what I've got
First impressions work I've always found
Being with you I know my heart's on solid groundPeople say we can't, I know we can
Can't stop it anyway so take my hand
Let's make this something special, I want this to grow
Because of the loyalty you show, I'll never let you goClose your eyes, realize
It's you and I
Take my hand
Understand, that I'm your manFor too long I've known and far too strong I've grown attached to you
Just call me your own
Everywhere people breaking up, that won't happen to us
Because we were friends before loversI'll never let you down girl
Never gonna let you go
Never gonna let you go, oh noIt feels good to see your face
Come have a seat
Sit by the fireplace and
I'll massage your shoulders if they hurtI can tell by your eyes, a hard day at work
God's gift to man
Though some might say that
We're too young to understandBut I've got a firm grip on reality
And you and me is right where I wanna be
Wrapped in your arms
And you in mineA love like this is really hard to find
So I won't front and try to play love games
I'll always be the same, won't a damn thing change
You hear me talking?Trust what I'm about love and understanding

Won't play each other out
You got a feeling that I'm doing you low?
Girl it's not so, I'll never let you go
