All Fall Down

Anastacia

No one's born into this world without a soul
Some will follow every single road trying to find a home
But when you're sheltered by the ones you love
You can stand protected safe from harm
In your life, don't ever let me fall
'Cause sometimes I think I'm falling like a burning satellite
You sacrifice, it doesn't matter who you are
We all fall down
We're moving slowly past the point of no return
Silence is a deadly potion when you have no words
And we can put the pieces back together
Find a way to make things right
In your life, don't ever let me fall
'Cause sometimes I think I'm falling like a burning satellite
You sacrifice, it doesn't matter who you are
We all fall down
Don't stop believing in what you're feeling
We all fall down
(In your life)
Oh, yeah in your life
(Don't never let me fall)
Don't let me fall
Don't let me fall, don't let me fall
In your life don't ever let me fall
'Cause sometimes I think I'm falling like
(A burning satellite)
I'm falling, I'm falling, falling
In my eyes you'll always be the shining star
(A shining star)
'Cause sometimes I think I'm falling like a burning satellite
(Burning satellite)
In my eyes you'll always be the shining star
Yes, you were
Oh, yeah, I know that you're the one
