

Would've Done the Same for Me

Naughty By Nature

We're in the time where many doors are too hard to enter in
And many people really ain't worth the mentionin'
Thugs, me hugs, and plus a little gentle friend
Or the mentals if I wile I get antetion then
Do my drama from court to case
While others turn they back I turn my hate to faith
that's why I'm here, but boo's, any place or date
If there's tear in my eyes you come to dry my face
Now that's deep, y'all turned from my fans to my friends
After the past, I didn't think I could stand it again
On the streets, me and Miny wonderin' shall I kill
I do for all, when will someone ask me how I feel?
Ladies, if you're down and my pics on you're wall
Just pop in this song and won't let you fall
To all my ladies, got ya letters and I love you to death
Now I appreciate the breath that the dear lord left Why do I stand for my fam and put it down for my peeps?
(Oh, I like it)
'Cause they woulda done the same for me
Why do I see my women fallin' down and put 'em back on they feet?
'Cause they woulda done the same for me
Why do I put it down for the streets and my R.I.P's?
(Oh, and I like it)
'Cause they woulda done the same for me
Why do I embrace the face that sets the mob free?
'Cause they woulda done the same for me With the kindness of people and most don't even know
'Cause this wilderness was'nt designed to see us grow
My thugs through the years who've always been true
Just know that I take the bullet for you
Life ain't livin' without givin', worth fryin' for lyin'
Ain't jack for free, but I'm supplyin' if you're tryin'
Have friends before the Benz, respect before a Lexus
Mama's(Mama's) gave us life, but brotha's have to protect us(Protect us)
Some wonder why I still got love
Why I still live in the hood, and why I still share grub
Why I play with the kids, lose money on clubs
To keep my people off the streets and away from the slugs
Sometimes rats run traps while our sista's get named
Sometimes bitches do thangs, and our queens get blamed
But I'm puttin' things on blast for my women and G's

'Cause you woulda done the same for me Why do I stand for my fam and put it down for my peeps?

(Oh, I like it)

'Cause they woulda done the same for me

Why do I see my women fallin' down and put 'em back on they feet?

'Cause they woulda done the same for me

Why do I put it down for the streets and my R.I.P's?

(Oh, and I like it)

'Cause they woulda done the same for me

Why do I embrace the face that sets the mob free?

'Cause they woulda done the same for me Where's my ladies who support and understand when

Yeah I'm tired but I still gotta visit the pen

I appreciate you love the love I show them

Woulda want the same thing if I had to go in

Lost the love of my life over stress and strife

If I couldn't care for me, I couldn't care for a wife

So I looked at the Lord and what he said was right

"there's obstacles but everything is gonna be alright"

If you feelin' what I'm feelin', lay back and give me love

So when you see me on the streets or clubs give me hug

To understand unity, you gotta understand we

You and I, you and them, them and me, see

y'all did for me, now I'll bow for the royalty

Just to know y'all is the love the loyalty

Behind every strong man there's a strong lady with 'em

Behind me I seem to have a whole nation of women Why do I shout out all my women and adore my queens?

(Oh, I like it)

'Cause they woulda done the same for me

Why do I destroy anything that stops my teams dreams?

'Cause they woulda done the same for me

Why do I see my people is and tell 'em what I see to be?

(Oh, and I like it)

'Cause they woulda done the same for me

Why do I embrace the face that sets the mob free?

'Cause they woulda done the same for me Oh, and I like it

Oh, and I like it
