

# Leave Me

## New Edition

I know it comes  
As no surprise  
That I  
Am so in love with you  
When I think of us two  
I start feelin' blue  
Something that I've gotten used to  
But lately  
I must admit  
Times have been hard  
Put a strain and pain on my heart  
As much as it hurts to say these words  
I think that it's best for you to  
Chorus:  
Leave me  
Live your life  
Don't worry  
I will be alright  
In no time  
You'll find someone  
Who's better than I  
Go now  
Don't you cry  
I'll always  
Be right by your side  
Maybe some day we'll get another try  
It seems as though  
Every time I speak  
Your name I get weak  
Cuz I imagine before I go to sleep  
That you were right here with me  
Somebody told me  
You can't appreciate what you got until it is gone (Can't appreciate)  
But they were so wrong  
Cuz I have cherished you  
It's just that I'm not the one you get  
Chorus  
Deep down inside  
Please hear me now  
You expect so much  
That's why I'm hurting inside

And I don't even  
Not at all  
Feel appreciated for my efforts girl  
It feels like we've grown apart  
And I don't know if we could handle  
The trouble  
If not it's gonna hurt me to see youChorus
