

Truth On Tape

Smile Smile

This is almost permanent -
The pain I feel inside
Since you've been gone.
You're filling me with lights
And I refuse to change
Anything.
I'm still the man I was
And I have evidence of love
What we've drawn.

And you can't escape
When the truth is put on tape,
Baby, play it back,
Baby, play it back.

This can't be permanent.
I've got to leave it all behind
And here I go.
The Colorado sky,
And I feel so alive,
But I miss home.

And you can't escape
When the truth is put on tape,
Baby, play it back,
Baby, play it back.
