Caroline

Lime

(Denis LePage, F. Nickols, J.C. Charles)(Caroline Rap)
Bouncin', jumpin', holdin'
Dancin, no romancin'
Beats are slammin', jammin'
But in my heart lies an empty feelin'
I'm about ready and good to go
Well I can do this club, I don't really know
I done it so many times before
And now all alone, I'm-a walk out that door(Trumpet Solo)(Keyboard Solo)Caroline, baby, are you lonesome
Caroline, baby, let me know
Caroline, baby, if you want some
Caroline, love it like you knowYou're love is so fine
When you come on close to me (aah-aah)
I find myself
In a state of ecstasy (aah-aah)
Maybe you'll be mine
Maybe you'll belong to me (aah-aah)
You'll find yourself
In my arms and passionately (aah-aah)(Chorus)
Caroline, baby, are you lonesome
Caroline, baby, let me know
Caroline, baby, are you lonesome
Caroline, baby, let me know
Caroline, baby, do you want some
Caroline, love it like you know
Caroline, baby, if you need some
Caroline, love it like you know(Instrumental Break)(Male Rap)
Caroline, I love you, let me tell you how
I wanna do it to you just right now
I wanna hold you in my arms
And squeeze you so tightly
Oh, Caroline, I wanna do it to you rightly
Takin' you by the hand through the night park
And when I show you the things
That are in the dark
You wanna hold me so close
And wanna show me the most
Girl, you're makin' me freak(Caroline Rap)
I love you, need you, want you, got to have you

Not when you want me but when I want you
When you're lovin' me I hope you do it right
In the mornin', noon, and in the night
Hold me so close, so close it really hurts
I really love and the freaks about to burst
No time to waste I want you right now
So come on over here, boy, and show me how(Repeat Chrous)Surely every time
Touch me so seductively (aah-aah)
And you let me hold you
With your sensitivity (aah-aah)
Baby, come with me
Let me feel your emptiness (aah-aah)
With company
Take away your loneliness (aah-aah)(Repeat Chorus with Trumpet Solo)
