

Rock N Roll Massacre

Vice Squad

A little sister of the holding company
Her future cut short, accidental O.D. Rock`n'roll massacre
Rock`n'roll massacre Jumping jack flash found a watery grave
A spotlight on you, that's how you behave
In a purple haze turn to another pill
Choke on your own vomit, die in notting hill Bible-pusher's son was alright then
For a backstreet Crawler the flight didn't end
