

# Every Time It Rains

Randy Newman

Every time it rains  
I sit at home and wonder why  
Ever since you said goodbye  
I felt so all alone Every time it rains  
Summer showers soak the ground  
I watch the rain come pouring down  
And I call out your name Every time it rains  
I hang my head and want to die  
And I don't seem to care that  
I'm just not making it on my own  
Every time it rains Sometimes late at night, I close my eye  
Pretend that you're here with me  
Every time it rains, I realize  
Just how lonely my life is going to be Every time it rains  
Every time I hear the raindrops fall  
I may say that I don't mind it at all  
But I do Every time it rains  
Every time I try to tell myself  
That in time I'll find somebody else  
Won't be you  
Every time it rains Every time it rains
