

# True Believers

## Level 42

Stuck inside my Harvard box  
Behind the door the Bauhaus locked  
I'm wrestling with a new ideal  
I'm working out the way I feel  
I just came back from Cultureburg  
Where I tried to learn the painted word  
People there were so convinced  
It's kept me thinking ever since  
Crazy, but true  
I want to believe like you  
"Come with me", the teacher said  
"No side-to-side, look straight ahead  
'Cause if you want true confidence  
You'd best forget your common sense"  
"Go find yourself a point of view  
And if you need some help to choose  
Just dance the dance named after me  
If you believe then you will see"  
Crazy, but true  
Now I believe in you  
There was a time  
When we could make head nor tail of the story  
And now it's sublime  
And we're not afraid anymore 'cause we're all  
True believers  
So tell me it's true  
I want to believe in you  
Crazy, but true  
I want to believe in you  
Blind faith makes such strange demands  
Sometimes a think I'll never understand  
Answers on a postcard, please  
I'd like to know what you believe  
True believers  
Are you  
A true believer?  
I wanna believe in you  
Are you  
Are you
