Arithmatik

Stars Of Track And Field

Light a giant space,
You stared and stared,
I was coming with you, but I lost my nerve
Then words came spilling out,
At times the oxygen was thin,
You came here for sunset last year,
Your favorite film was flickering ,What did they say about you I can't really recall at all at all at all,
Are you normal?
What did they say about you I can't really recall at all at all at all,
Are you normal?You're all embarrassed now,
You cannot say I told you so,
You came down from the clouds,
Your favorite film was flicker, flickeringWhat did they say about you I can't really recall at all at all at all,
Are you normal?
What did they say about you I can't really recall at all at all at all,
Are you, are you?Yes no,
Yes no,
Yes no,
Yes no,
Yes no,
Yes no,
Yes no,
Yes no,
Yes no,
Yes no,
Yes no,
Yes noWhat did they say about you I can't really recall-
