

Reconstructive Demonstrations

Serj Tankian

They say women cry when walls retire
They say that men die when walls retire
When walls retire Unconventional
Deconstructive conversations
(Teach us how to eat)
I will never let you go Conversational
Reconstructive demonstrations
(Teach us how to speak)
Why, confess the final blow Teach us how to eat
From your broken hands
'Cause nothing seems to grow
Teach us how to speak
The language of your only dreams No one seems to understand that
We are falling to our knees I forgot to pray
You forgot to say please
(Kill me)
I never let you go I forgot to go
You forgot to know me
(Teach us how to speak)
Why confess the final blow Teach us how to eat
From your broken hands
'Cause nothing seems to grow
Teach us how to speak
The language of your only dreams No one seems to understand that
We are falling to our knees
Blindness serves not god nor man
So we are falling into disease We're falling into disease
I'm crawling, I'm crawling
I'm crawling, I'm crawling
I'm crawling, I'm crawling
I'm crawling, I'm crawling We're falling, we're falling
We're falling, we're falling
We're falling into, into disease
Disease, disease, disease
Disease, disease, disease
Disease, disease, disease
Disease, disease We've fallen, we've fallen
We've fallen, we've fallen
We've fallen, we've fallen

We've fallen, we've fallen No one seems to understand that
We are falling to our knees
Blindness serves not god nor man
So we are falling into disease Disease
