Tell Me Tonight

Bering Strait

Welcome to me eyes, baby
See what you see
I feel like I'm fallin', baby
Are you fallin' with me?
I can't help but wonder
C'mon, baby, tell me tonightI got a feelin' there's somethin'
On the tip of my tongue
Come right out an' say it now, baby
Don't leave me hangin' on
Please, don't keep me watin'
C'mon, baby, tell meIf you feel like I feel
When we touch
Does a fire build?
Down in your soul
Burnin' out of control
Tell me tonightThey say life is like a river
Time is like a wind
Love is a sail you raise
And ride away again
Are you comin' with me?
C'mon, baby, tell me
