Next Level

Ils

[Busta Rhymes:]I said baby girl, lighting up the room like the light's up
You excite a nigger till you got me feeling niced up
Everything about it feels amazing, spiced up
Hot and steamy like my mother cooked a little white soup
See that 20 karats, please get a priced up
I'm past that girlfriend shit baby, wifed up
Elevated feeling like we going couple flights up
Next level, with a hope you ain't afraid of height, what
Skyscrapers take it higher, even got a helicopter on the roof
Waiting for a small fire and then flee to the spot
And let us ride up to heavens to the next level
Let me do my part
[Mary J. Blige:]It feels like your hands were designed to be on my body
[Busta Rhymes:]You best believe that, and I agree with you too
[Mary J. Blige:]Like I was made to be your girl, yeah
[Busta Rhymes:]And you already know
[Mary J. Blige:]That's why I won't give my time to just anybody
[Busta Rhymes:]You know I'm with your baby
[Mary J. Blige:]Cause my time's your time, my world's your world
So if it's cool with you
I'm a tell my girls go out tonight, without me
Nothing's to do with you, let's bring the party to the house tonight
Cause tonight I'm ready yeah
I'd rather be with my baby, I think it's time that me and him go
To the next level
Uh, I don't bother like crazy
I hope he's ready cause we gonna go, to the next level
[Busta Rhymes:]Baby ain't [?]
Want a G5 to the next level, hop on
[Mary J. Blige:]Let's go (yeah) to the next level
[Busta Rhymes:]Yeah, yeah, yeah, alright
I love it when we're in the bed and we cuddle
Or you riding out with me like we on a space shuttle
[Mary J. Blige:]Let's go (yeah) to the next level
[Busta Rhymes:]Yeah, yeah, yeah
[Mary J. Blige:]And I'm OK as long as I got your arms around me
[Busta Rhymes:]You know I love when I got my arms around you too
[Mary J. Blige:]I feel free to loose control

[Busta Rhymes:]Let it go baby
[Mary J. Blige:]And I was lost in love, so glad that you found me
Cause your love's too good, too just, let go
So if it's cool with you
I'm a tell my girls go out tonight, without me
Nothing's to do with you, let's bring the party to the house tonight
Cause tonight I'm ready yeah
I'd rather be with my baby, I think it's time that me and him go
To the next level
Uh, I don't bother like crazy
I hope he's ready cause we gonna go, to the next level
[Busta Rhymes:]Baby ain't [?]
Want a G5 to the next level, hop on
[Mary J. Blige:]Let's go (yeah) to the next level
[Busta Rhymes:]Yeah, yeah, yeah, alright
I love it [?] take my love [?]
Or you riding out with me like we on a space shuttle
[Mary J. Blige:]Let's go (yeah) to the next level
[Busta Rhymes:]Yeah, yeah, yeah
Everybody get to putting up your lighter now
Baby girl you see me shining much brighter now, yeah
Fulfilling all of your desires now
Give me a hug, open your arms a little wider now
Damn, you see the feeling we creating
Bottles up, let's make a toast and do a lot of summer breaking
[Mary J. Blige:]Let's go to the next level
[Busta Rhymes:]Yeah, yeah, yeah alright
[Mary J. Blige:]I'd rather be with my baby, I think it's time that me and him go
To the next level
Uh, I don't bother like crazy
I hope he's ready cause we gonna go, to the next level
I think it's time that we go on
Baby come on, let's go
To the next level
[Busta Rhymes:]Yeah, yeah, yeah alright
I love it when we're in the bed and we cuddle
Or you riding out with me like we on a space shuttle

[Busta Rhymes:]Yeah, yeah, yeah
[Mary J. Blige:]Let's go to the next level
