Noonie Bao

[Verse 1]
You can rest your head on my silver bed
Colors in your head castle made of sand
I can hear them call but you can't be found
You know I'll still be here when you come back down
When night comes we can hide under fallen trees
Pretend we're somewhere else never go to sleep
If you climb too high and you lose your mind
You know I'll still be here when you come back down[Chorus]
Ooh Ooh go run away
Don't spend a lifetime in your head
Ooh ooh go run away
Ooh Ooh won't make you stay
And spend a lifetime in your head
Ooh ooh go run away[Verse 2]
Traveling within open secret doors
Seeing all the things never seen before
Please don't be afraid if you see me cry
It's only for now never say goodbye[Chorus]
Ooh Ooh go run away
Don't spend a lifetime in your head
Ooh Ooh go run away
Ooh Ooh won't make you stay
And spend a lifetime in your head
Ooh Ooh go run away[instrumental][Chorus]
Ooh Ooh go run away
Don't spend a lifetime in your head
Ooh Ooh go run away
Ooh Ooh won't make you stay
And spend a lifetime in your head
Ooh ooh go run away
