

Little Souljas Need Love Too

Lil' Romeo

You all I need
(Little souljas need love)
Soulajarets need love too
(Little souljas need love)
Well I never hurt you
I mean you the one
(Little souljas need love)
(Don't, don't, don't hurt me again) Little souljas need love
Little kisses and hugs
Come get wit these thugs
I'm tellin' you I'm livin' it up We can walk through the park
Hold hands to it stop
It's somethin' about you
I don't know but it touches my heart In school you make me blush
Yeah, it's all about us
Haters constantly hatin'
Always talkin' 'bout us Understand I'm your man
So why go talk to a friend
Regardless of what they say
We gonna rap to the end My little mommy
I'm sayin' my little dime piece
My baby, my boo, my future wifey I'm keepin' it real
Thats why you friends don't like me
They jealous, they want a little soldier like me Little souljas need love
Little souljas need love
Little souljas need love
Don't, don't, don't hurt me again Little souljas need love
Little souljas need love
Little souljas need love
Don't, don't, don't hurt me again Four months past
We still pitchin' letters in class
I'm Bugs your babes Bunny
You always makin' me laugh We ride bumper cars
And rollarcoasters together
Your my best friend
I'll remember you forever Like when the first time
I saw you I just had to speak
Heard of love it first sight
So it just had to be I took your hand

Your my girl I'm your man
It's funny ain't it
Yesterday we was just friends Everyday I think about you
Some times I dream about you
Therefore if I had to go on without you It wouldn't be fair
I know so much about you
Look ma there's somethin'
I need to tell you Little souljas need love
Little souljas need love
Little souljas need love
Don't, don't, don't hurt me again Little souljas need love
Little souljas need love
Little souljas need love
Don't, don't, don't hurt me again I hear you movin'
What about us? What are you doin'?
Two years now
Everything we hoped for is ruined How could you leave?
How could you do this to me?
I'm to young to be in love
How foolish of me Thinkin' sometimes love comes to an end
I can't believe it I'm never gonna see you again
How could you hurt me?
You said you would never desert me But these feeling that I have inside of me
Deserving fan, you was the stain in my rug
My first kiss, my first love
A 1,000 miles away, we can't even hug If we could do it all over
I would keep it the same
Romeo and Juliette
Write your name in the sand Little souljas need love
Little souljas need love
Little souljas need love
Don't, don't, don't hurt me again Little souljas need love
Little souljas need love
Little souljas need love
Don't, don't, don't hurt me again
