

We Are the Shia of Ali

Hashim Sisters

Bismillahir Rahman Nir Raheem

Nahre Haidari

Ya Ali ,Ya Ali ,Ya Ali, Ya Ali

We are the Shia of Ali (2) Ya Ali, Ya Ali, Ya Ali, Ya Ali

1] We know that we will face, torture and pain
But that will never stop us, from calling your name
We will hold your flag up high as it touches the sky
Holding tight to the rope of hope we fight with your strength in our sight
We will never fall
We are the Shia of Ali(2)Ya Ali, Ya Ali, Ya Ali , Ya Ali [chorus]

2] This is our pride and dignity
Our master is Ali[as]
We can face every pain and every single difficulty
We call him with our hearts
And he hears our cries
Ya Ali we beseech you help us please and at once he does proceed
We will never fall
[chorus]

3] The Successor of Muhammad[saw]
For Islam his blood was shed
Not once did he leave the prophet
From the army remained ahead
In the battle of Khandaq ,Khaybar and Ohud
Warrior , Fierce lion of Allah
Ali un Wali Ullah
We will never fall
[chorus]

4] Our souls had promised our lord Labbayka Ya Ali
We will stand as your Shia wherever we may be
We will mourn for your son , and show the world who we are
In our veins, Ya Hussain your name remains
We'll remember all your pains
We will never fall
[chorus]

5] In our graves when we will be questioned, in the world who was your guide

And on the day of Judgement, When we'll put in two sides
Your name has always been , on our lips all day and night
We have faith , we will call your name out loud
When walking across Siraat
We will never fall
[chorus]

6] From birth we have been taught that whenever we're in need
Turning to other people , we never have to plead
Call Ya Ali, you'll see from every trouble you are freed
It is you , who we shall call out to , you show us what to do
we will never fall
[chorus]

7]The pen of Hashmi writes
Ya Imam Ali
In your name , in your cause , in your way our voices were born to be
We will never leave this path
Even if thrown in a blood bath
Ya Ali
This is all that we can see
Make us yours and worthy
So we can say proudly , We're the lovers of Ali
We are the Shia of Ali [2] Ya Ali [8]
We will never fall

Allahumma Salli Ala Mohammadin Wa Aali Mohammad Wa Ajil Farjahum
