Something With a Ring To It

Mark Collie

My baby's playing hard to please
And I think I figured out what it is she wants from me
'Cause when I holder her close
When we go out at night
I can hardly see the moonlight
For the diamonds in her eyesShe wants something with a ring to it
Like a church bell makes
Like a pretty white gown to wear
And some vows to takeShe wants something with a ring to it
I think I understand
I'll have to put a ring on her finger
If I want to be her manMy baby did but now she don't
And if I don't say I do it's a safe bet that she won't
Love me like she used to
When our love began
Why the only way to change her tune
Is with a wedding band?She wants something with a ring to it
Like a church bell makes
Like a pretty white gown to wear
And some vows to takeShe wants something with a ring to it
I think I understand
I'll have to put a ring on her finger
If I want to be her manShe wants something with a ring to it
Like a church bell makes
Like a pretty white gown to wear
And some vows to takeShe wants something with a ring to it
I think I understand
I'll have to put a ring on her finger
If I want to be her manShe wants something with a ring to it
If I want to be her man
