

# Settle Down (Goin' Down That Highway)

Peter, Paul & Mary

I'm goin' down that highway, goin' to another town.  
Baby when I find what I'm looking for, well then maybe I'll settle down. Why don't you help me brother, I'm a  
stranger in your town  
Why don't you help me sister, and then maybe I'll settle down.  
Why don't you help me brother, I'm a stranger in your town  
Why don't you help me sister, and then maybe I'll settle down. I worked my way from boston to that san  
francisco bay  
Baby what I was looking for, I couldn't find along the way. Why don't you help me brother, I'm a stranger in  
your town  
Why don't you help me sister, and then maybe I'll settle down.  
Why don't you help me brother, I'm a stranger in your town  
Why don't you help me sister, and then maybe I'll settle down. Never been contented no matter where I roam  
It ain't no fun to see a settin' sun when you're far away from home. Why don't you help me brother, I'm a  
stranger in your town  
Why don't you help me sister, and then maybe I'll settle down.  
Why don't you help me brother, I'm a stranger in your town  
Why don't you help me sister, and then maybe I'll settle down. I've worked in the mills of pittsburgh, in the hills  
of tennessee,  
Baby all I want is to find a job that will set my mind at ease. Why don't you help me brother, I'm a stranger in  
your town  
Why don't you help me sister, and then maybe I'll settle down.  
Why don't you help me brother, I'm a stranger in your town  
Why don't you help me sister, and then maybe I'll settle down. Why don't you help me brother, I'm a stranger in  
your town  
Why don't you help me sister, and then maybe I'll settle down.  
Why don't you help me brother, I'm a stranger in your town  
Why don't you help me sister, and then maybe I'll settle down.
