Best Friend's Arm

Pavement

? ? ? liar
(I can see, I can see, I can see, I can see)
? ? ? ? ah come on, let's go
(I can see, I can see, I can see, I can see)Yeah baby I've lost ? ? ?? ?
(I can see, I can see, I can see, I can see)
Everybody looks like
(I can see, I can see, I can see, I can see)
When you lay that down with an eight-eight track, everybody laughs
But they don't know what you're sayin'
(I can see, I can see, I can see, I can see)
? ? ? I guess if not...
(I can see, I can see, I can see, I can see)Keep it under your best friend's arms [x9]
Keep it under
