

Best Friend's Arm

Pavement

? ? ? liar

(I can see, I can see, I can see, I can see)

? ? ? ? ah come on, let's go

(I can see, I can see, I can see, I can see) Yeah baby I've lost ? ? ? ?

(I can see, I can see, I can see, I can see)

Everybody looks like

(I can see, I can see, I can see, I can see)

When you lay that down with an eight-eight track, everybody laughs

But they don't know what you're sayin'

(I can see, I can see, I can see, I can see)

? ? ? I guess if not...

(I can see, I can see, I can see, I can see) Keep it under your best friend's arms [x9]

Keep it under
