

# Roll 'em Pete (feat. Pete Johnson)

## Big Joe Turner

Well, I got a gal, she lives up on the hill  
Well, I got a gal, she lives up on the hill  
Well, this woman's tryin' to quit me, Lord, but I love her still  
She's got eyes like diamonds, they shine like Klondike gold  
She's got eyes like diamonds, they shine like Klondike gold  
Ev'ry time she loves me, she sends my mellow soul  
Well, you're so beautiful, you've got to die someday  
Well, you're so beautiful, you've got to die someday  
All I want's a little loving, just before you pass away  
Pretty baby, I'm goin' away and leave you by yourself  
Pretty baby, I'm goin' away and leave you by yourself  
You've mistreated me, now you can mistreat somebody else
