Beautiful Disaster

Beautiful Disaster - Caleb Hart

In this Beautiful Disaster we call life
Living in this...
Beautiful Disaster
In this Beautiful Disaster we call life
Living in this...
Beautiful Disaster

Verse 1

Back in the day all the simple struggles
Always held me down
I'll remain in the gutter no longer
Let the beauty resound

Chorus

In this Beautiful Disaster we call life
Living in this...
Beautiful Disaster
In this Beautiful Disaster we call life
Living in this...
Beautiful Disaster

Verse 2

Two opposing realities
A duelling duo of sorts
Oh Lord how do I stay consistent?
Without feeling distraught?
Negativity surrounding
infiltrates my thoughts
Self condemnation my worst enemy
Like I've lost every time I fought

Bridge

So choose to break free

From this captivity
Disaster will come our way
So we choose to break free
From this captivity
LET's focus on the beauty

In this Beautiful Disaster we call life
(Beautiful Disaster)
In this Beautiful Disaster we call life
(What's gonna be your master?)
Beautiful Disaster we call life...
Beautiful Disaster
