## Fleet Foxes

If to borrow is to take and not return  
I have borrowed all my lonesome life  
And I can't, no, I can't get through  
The borrower's debt is the only regret of my youth  
And believe me it's not easy when I look back  
Everything I took got soon returned  
Just to be hidin', it's free again  
All of the sirens are drivin' me over the stern  
Just to be hidin', it's free again  
All of the sirens are drivin' me over the stern  
One day hidin' is free  
One day that's my thing  
In the street one day I saw you among the crowd  
In a geometric pattern dress  
Gleamin' white just as I recall  
Old as I get, I would never forget it at all  
Gleamin' white just as I recall  
Old as I get, I could never forget it at all  
One day hidin' is free  
One day that's my thing
