

Green Disease

Pearl Jam

It's a disease,... and they're all green
It emanates from their being
Agitation,.. with occupation And like weeds,.. with big leaves
Stealing light from what's beneath
Where they have more,...
Still they take more Course I know,.. then I don't
There's a stoway with my throat
It's deceiving
I don't believe him We can scream,.. out our doors
Behind the wall a fat man snores
In his dreams he's,...
Choking on leaves
