Call It Reckless

Scarlett O'Hara

Killing time with all the lies.
You're waisting my time.
You're killing time with all the lies.
You're waiting your...

You're waisting my time.
Just stop.
Let's all gather for and take this time
To look for nothing at all.
You're so pretty in a bodybag.
You're so pretty in a bodybag.
Let's make this last.
I won't wait for you.

I won't wait for you!

So here I am,
Killing time with all the lies.
You said you would
Leave it all up to me.
Stop! Stop! We're going too fast!
Take it down a notch so we can breathe
So we can...

Breathe!
Doctor! Doctor!
Can you please confess?
This masquerade is killing me.

Don't sleep!
You're safe in these walls.
I can't dream another day.

I can't dream another day!

You steal with perfection waiting at the door.
This slight misconception, waiting at the door.

You're so pretty in a bodybag!
You're so pretty with those eyes on your back!

You're so pretty in a bodybag!

I can't sleep with these hands around my neck!
I can't dream in a bed of regret!
