A Fractured Smile

Medicine

I've played with love and been burned every
Time, and that's the way it goes
As I lean close to you, it's reaching out that
Rhythm makes me sick, with head in hands and
Hands on hips, you'll never
Know what I need
Cause no words pass
Through tightened lips
I don't ever make it easy to
Lay between my hipsIt's just a small thing
Calling down the rain
I've tried to make it easy
To live inside my pain
I scoff at love and then sweat through the night
'cause I like what I see
I love the laugh torn from your side
Pressing on top of meI try to make it easy
To live inside my brainIt's just a small thing
Calling down the rain
I've tried to make it easy
To live inside my pain
It's just the small
Things that bring
You to mind, a
Fractured smile and
Butterfly kiss, so kiss
Me now and kiss
Me sweet, I've never
Know it to be quite
Like this, I try to
Make it easy to live
Inside your kiss
