Lethal Enforcer

[We Are Scientists](#)

Youre never gonna understand what youre seeing
Though later youll pretend you can and youll mean it
You might think its all in your head but youre not certain anymore
You might think its all in your head but youre not certain anymoreI wouldnt put much talk in that cause the fact is
It doesnt matter what you ask, its who youre asking
Well, Id say go throw it away if its not working anymore
Well, Id say go throw it away if its not working anymoreI promise this is not a test
It's just I want you to be sure
It all comes back to common sense
I guess thats what youre looking forIll have to ask you to speak up so were sure that
Were all perfectly clear on what were ignoring
Well, Id say go throw it away if its not working anymore
Well, Id say go throw it away if its not working anymoreI promise this is not a test
Its just I want you to be sure
It all comes back to common sense
I guess thats what youre looking forI promise this is not a test
Its just I want you to be sure
It all comes back to common sense
I guess thats what youre looking forWell, youve been taken and its gonna hurt
But loves a classic cause it always works
This is a classic bluff because it always works on youI promise this is not a test, a test
I promise this is not a testI promise this is not a test
Its just I want you to be sure
It all comes back to common sense
Oh, I guess thats what youre looking forI promise this is not a test
Its just I want you to be sure
It all comes back to common sense
I guess thats what youre looking for
